SPRING HIGHLIGHTS

CSSMA offers a full array of art and music programming for students of all ages, both in-person and online. Our flexible scheduling options can be adapted to work with your new academic and professional schedules. We also design customized group and individual classes. Interested in a line of study but don't see it here? Just let us know and we will work with you and your family or student cohort to design it!

LITTLE CREATORS

Our popular 90 minute class for 2 - 5 year olds returns as an in-person, socially distanced small group session, offering a place for children to make friends and explore first art experiences. Each class includes music and visual art components, story time, creative play and more.

GROUP INSTRUMENTAL CLASSES

Have fun and enjoy camaraderie of learning with a group of like-minded students! Learn to play piano, guitar, or violin in a small group setting.

AFTER SCHOOL STUDIO ART

These hands-on, process-driven classes provide unique learning experiences exploring the worlds of drawing, painting, collage, sculpture, digital art and more. Guided by professional artists, students will develop and refine their artistic skills and tap into their creative potential.

KIDWORKS

6 - 12 years

Monday - Friday 9am - 3pm

The KidWorks program provides wraparound childcare and learning support on days when children are not physically attending their regular school. Each student has their own socially distanced, dedicated workspace for virtual schoolwork, with teachers available to supervise and support. Creative Arts Enrichment Activities are offered at breaks. Care can be extended to 6pm by adding our Creative Arts Club after school program at a discounted price. Space is very limited - only 10 children per day. Call or email today for more information.

PLAY WITH MATCHES WORKSHOP

13 - 18 years

Dates TBD

In this 15-day intensive for creative teens, dancer, artist and writer Cori Kresge guides and pairs young art makers of all disciplines, forging connections between participants as they independently work on their own projects. The goal is not collaboration, but essential support, mentorship, and feedback between emerging creatives.
